Password

VAT number ?

Autorenew version ?
☐ No ☒ Yes

you can also Login with your Debtor-number (3xxxx)

+ Invoice E-mail

Customer Login

Click the ? question marks for more details about the item. Enter all fields and the correct **Email address** which will be used for all notifications. Click [Edit my Account](#) to keep you settings **up to date**.

You can activate [Autorenew version](#) for renewing your license(s) automatically every year (maintenance from january - december); data can also be imported with **Upload CSV** : format = Company, Street, Postcode, City, Country, Name, Phone, E-mail address, E-mail address (invoice), Password (login), VAT number, 1

Instead of the VAT number you can also enter your [Debtor-number](#) to exclude the VAT on all invoices.

Click [Create \(update\) Account](#) and after this you will be able to enter (edit) the order for new license(s) :

file:///C:/Users/Administrator/AppData/Local/Temp/~hh79F4.htm

6/18/2025

License

Network license # number of **users** (0=Single user) ? **Usb keylock** ?

☒ **Standard license** (does not expire)
☐ **Temporary license** # number of **weeks**: ?
☐ **Telplan license** # number of **calculations**: ?

None
 Type X
 Type S1
 Type S5
 Type S10
 Type S25
 Type S50
 Type L
 Type C

If you want to use the NEN-1010 (the Dutch IEC-60364) then activate button **Dutch** (multi-language version). For 1 language the discount is 50% (except Dutch) and for every extra language 10% extra is charged.

For **Network** Licenses enter a value between **1** and **255** (the maximal number of users simultaneously) and enter **0** for a Single user license > click **None** to select the **Usb keylock** >

eXpress Usb keylock table : download the INTELEC 20xx_installer.exe from www.intelec.eu :

| Usb type | users | installer | Usb costs € | Usb type | users | installer | Usb costs € |
|----------|---------|------------|-------------|----------|-------|-----------|-------------|
| None | 1.. 255 | eXpress | none | type S1 | 1 | Keylock | 160,- |
| type X | 1.. 255 | eXpressUsb | 90,- | type S5 | 1..5 | Keylock | 320,- |
| | | | | type S10 | 1..10 | Keylock | 420,- |
| type C | 0 | Keylock | 90,- | type S25 | 1..25 | Keylock | 500,- |
| type L | 0 | Keylock | 45,- | type S50 | 1..50 | Keylock | 650,- |

Note 1 : you can only buy 1 Usb keylock per order : to order more Usb keylocks you need to Buy a new License for every extra keylock and enter the **Password** [SPR] (see below)

Note 2 : all installers include the dual mode application **Wnet64.exe** for **SaaS** (html5) > read the topic **SaaS** in the Help (index); also read the topic **Usb over IP**

Note 3 : ordering Usb keylocks and eXpress is not possible in one Account : you need to place the orders in separate Accounts

Optional you can also **BUY** a Temporary License for a number of weeks : the price is 10% of the total license price per week. **Telplan** licenses are only available for Usb keylock type L (LTE) and C (LTE+)

The price for every extra license (user) in a Network version is only **10%** and the price for a Temporary license is 10% for every week; the minimal order amount is 25,- Euro exclusive VAT.

Account menu options:

- [Edit my Account](#)
- [Buy a new License](#)
- [Post the Uninstall Code](#)
- [Extend the Trial period](#)

only for eXpress(Usb)

Your License(s):

- License ID: L005113 [Edit PO](#) [print invoice](#)  [Email Registration](#)
[edit order](#)
Version: 2024, PC:0F, Users: 5, Keylock: type S5:7293
- License ID: L005126 [Edit PO](#) [print invoice](#) 
Version: 2024, PC:0F, Users: 0, Keylock: type C:9999

Click [edit order](#) to adapt the License Name or extend Orders; click [Edit PO](#) to change the order reference; click [Renew](#) to extend your order; click [print invoice](#) after changing company details or the PO

Behind Version: PC = Product Code, the number of Users [0=single], the Hardware ID or the Usb Keylock number: (1 = retour; 9999 = not payed, negative = extra Usb not invoiced (SPR)

After we receive your payment the **Usb keylocks** will be send by post to your address and for eXpress the **Registration Email** with the activation key will be send to your E-mail address.

Instructions for installing the Usb keylocks can be found on www.intelec.eu > [Install Software](#) or www.intelec.nl > [Installeren Software](#) (Dutch)

Click [Buy a new License](#) in case you want to order or upgrade the Software or Usb keylocks and enter the password provided by INTELEC.

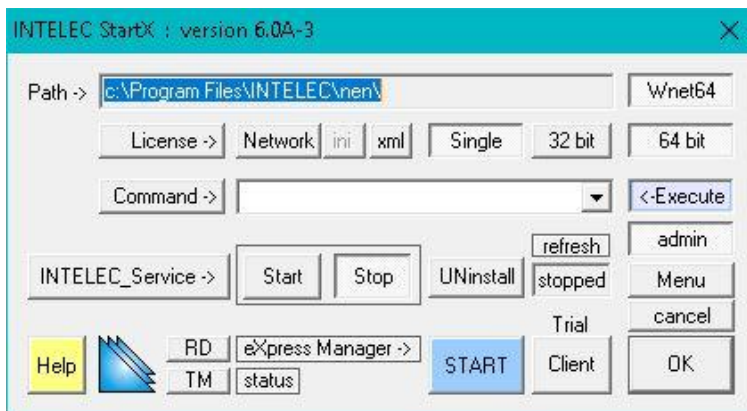

Activating eXpress + eXpressUsb Licenses :

Download the **Installer** from the **eXpress Usb keylock table** (page 2) and select the program-path and click 'INSTALL' and after the installation click desktop button :

StartX (X=eXpress) or **StartK** (K=Keylock) > click button Help for all details > RD = Remote Desktop > TM = Task Manager (service) > click status for more details...

Note : the **Keylock** versions do not need activation keys (no Uninstall) : only eXpress + eXpressUsb (type **X**)

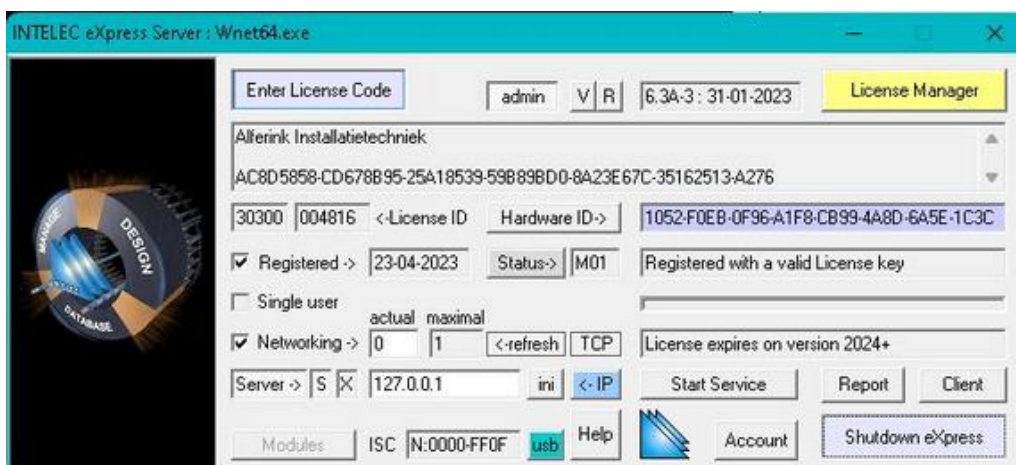

There are 2 ways to start the application **Wnet64.exe** (click button 32 bit for the 32 bit version Wnet32.exe) :

1. click **START** to execute Wnet64 X : starts the App as Network eXpress Server (X) (service)
2. click **Client** to execute Wnet64 C : starts the App as Client : after the eXpress Server (X) has started

The Clients only need a shortcut to the App on the server i.e. ["F:\INTELEC\nen\Wnet64.exe" C]

Registration dialog : Register + eXpress Manager (Server)

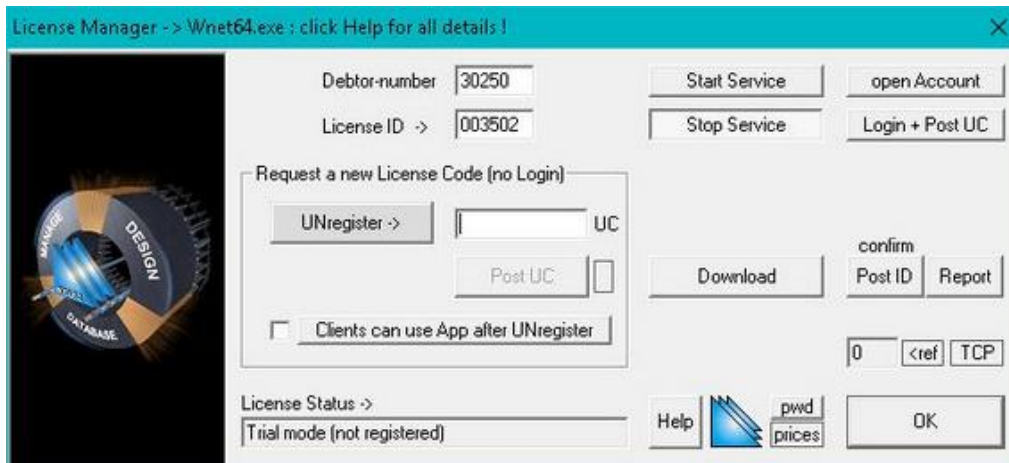

eXpressUsb

button **USB** is green for

Copy and paste the License Code (3 lines) and click **Activate** (to generate regwnet.dat) : **strictly** execute all instructions in the Registration Email : you also find all details in case of problems; click the **Help** button for more details.

License Manager : UNregister + Post UC + Download + Post ID :

Note : in case of **eXpressUsb** (keylock type **X**) you only need to **UNregister** before moving the License to another Server !

Upgrading or moving the INTELEC eXpress Licenses can be done in 3 steps :

- transfer the payment for the outstanding invoice
- **UNregister + Post UC** and wait for the Confirmation
- **Download** and install the latest version from www.intelec.eu
- click **Post ID** and wait for the Registration Email with the License Code

Upgrading the INTELEC eXpressUsb + Keylock Licenses can be done in 3 steps :

- first transfer the payment for the outstanding invoice
- **Download** and install the latest version from www.intelec.eu
- the message no valid maintenance appears in case the payment is not received yet

eXpressUsb : for using keylock **X** in Local Mode : download and install 'INTELEC_20xx_Keylock.exe and click MakeUser with your Debtor number (3xxxx) and set rule 1 in the **GPA** to type **C**

Note : this document can also be opened in the Application Help (index) > **Account**
