Spanish	<input type="checkbox"/>
Discount ?	50 %

License

Network license # number of users (0=Single user) ?

Standard license (does not expire)
 Temporary license # number of weeks: ?
 Telplan license # number of calculations: ?

Usb keylock ?
 None ▼

If you want to use the **NEN-1010** (the Dutch IEC-60364) then activate button **Dutch** (multi-language version). For 1 language the discount is 50% (except Dutch). For every extra language 10% extra is charged.

If you want to use the Single user version enter **0** at the **red** arrow. For Network Licenses you need to enter a value between **1** and **255** (maximal number of users simultaneously for each Network license)

eXpress Usb keylock table : download the [INTELEC 20xx installer.exe](#) from www.intelec.eu :

Usb type	users	installer	Usb costs €	Usb type	users	installer	Usb costs €
none	1.. 255	eXpress	none	type S1	1	Keylock	160,-
type X	1.. 255	eXpressUsb	90,-	type S5	1..5	Keylock	320,-
				type S10	1..10	Keylock	420,-
type C	0	Keylock	90,-	type S25	1..25	Keylock	500,-
type L	0	Keylock	45,-	type S50	1..50	Keylock	650,-

Note : all installers include the dual mode application **Wnet64.exe** for **SaaS** (html5) > read the topic **SaaS** in the Help (index)

Optional you can also BUY a Temporary License for a number of weeks : the price is 10% of the total license price per week. Telplan licenses are only available for Usb keylock type **C** or **L**.

The price for every extra license (user) in a Network version is only **10%** and the price for a Temporary license is 10% for every week and the minimal order is 25,- Euro.

The following table contains all the available **INTELEC eXpress Software Products** :

IEC-60364 LTE	Price in Euro	Product Code
IEC-60364 LTE basic	140.00	<input type="radio"/> 00
IEC-60364 LTE basic + database protections	210.00	<input type="radio"/> 01

Click [edit order](#) to adapt orders; click [Edit PO](#) to change PO details; click [Renew](#) to extend your order; click [print invoice](#) after changing company details / PO.

After we receive your payment the **Usb keylocks** are send by post to your address and the **Registration Email** with the activation key will be send to your E-mail address.

Click [Buy a new License](#) in case you want to order or upgrade Usb keylocks and enter the password provided by INTELEC.

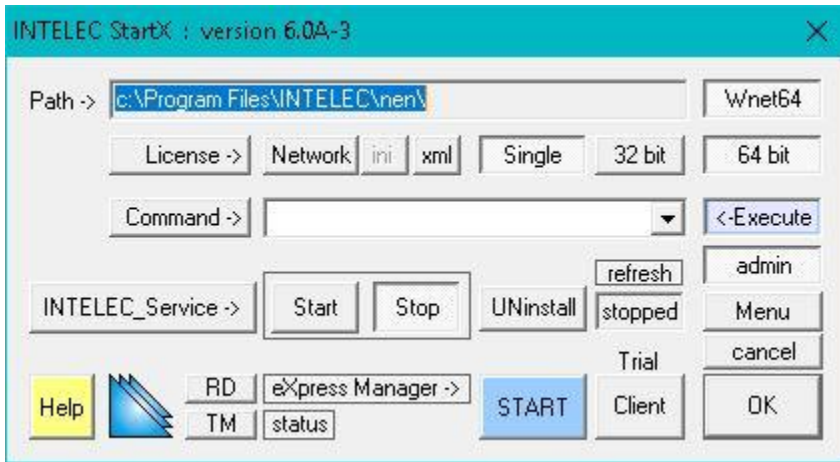

[Activating eXpress + eXpressUsb Licenses :](#)

Download the **Installer** from the **eXpress Usb keylock table** (page 2) and select the program-path and click 'INSTALL' and after the installation click desktop button :

StartX (X=eXpress) or **StartK** (K=Keylock) > click button Help for all details > RD = Remote Desktop > TM = Task Manager (service) > click status for more details...

Note : the **Keylock** versions do not need activation keys (no Uninstall) : only eXpress + eXpressUsb (keylock type **X**)

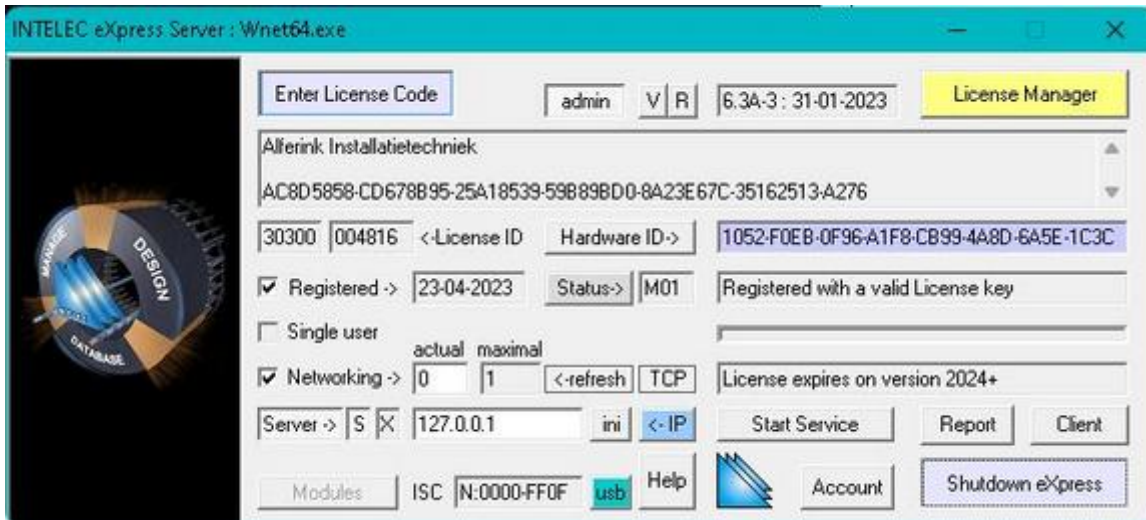

There are 2 ways to start the application **Wnet64.exe** (click button 32 bit for the 32 bit version Wnet32.exe) :

1. click **START** to execute Wnet64 X : starts the App as Network eXpress Server (X) (service)
2. click **Client** to execute Wnet64 C : starts the App as Client (X must be running)

The Clients only need a shortcut to the App on the server i.e. ["F:\INTELEC\nen\Wnet64.exe" C]

Registration dialog : Register + eXpress Manager (Server)

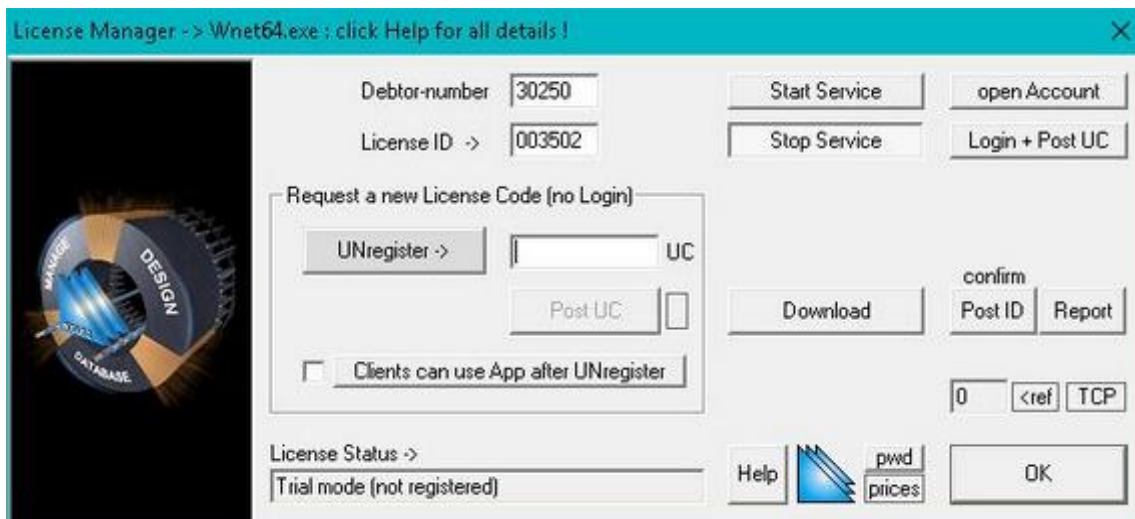

green for eXpressUsb

button **USB** is

Copy and paste the License Code (3 lines) and click **Activate** (to generate regwnet.dat) : **strictly** execute all instructions in the Registration Email : you also find all details in case of problems; click the Help button for more details.

License Manager : UNregister + Post UC + Download + Post ID :

Note : in case of **eXpressUsb** (keylock type **X**) you only need to **UNregister** before moving the License to another Server !

Upgrading or moving the INTELEC eXpress Licenses can be done in 3 steps :

- transfer the payment for the outstanding invoice
- **UNregister + Post UC** and wait for the Confirmation
- **Download** and install the latest version from www.intelec.eu
- click **Post ID** and wait for the Registration Email with the License Code

Upgrading the INTELEC eXpressUsb + Keylock Licenses can be done in 3 steps :

- transfer the payment for the outstanding invoice
- **Download** and install the latest version from www.intelec.eu
- the message no valid maintenance appears in case the payment is not received

eXpressUsb : for using keylock **X** in Local Mode : download and install 'INTELEC_20xx_Keylock.exe and click MakeUser with your Debtor number (30xxx) and set rule 1 to type **C**
