English	<input checked="" type="checkbox"/>
French	<input type="checkbox"/>
German	<input type="checkbox"/>
Italian	<input type="checkbox"/>
Spanish	<input type="checkbox"/>
Discount ?	0 %

**License**

**Network license** # number of users (0=Single user) ?  **Usb keylock** ?

**Standard license** (does not expire)  
 **Temporary license** # number of weeks: ?   
 **Telplan license** # number of calculations: ?

None

Type X

Type S1

Type S5

Type S10

Type S25

Type S50

Type L

Type C

If you want to use the NEN-1010 (the Dutch IEC-60364) then activate button **Dutch** (multi-language version). For 1 language the discount is 50% (except Dutch) and for every extra language 10% extra is charged.

For **Network** Licenses enter a value between **1** and **255** (the maximal number of users simultaneously) and enter **0** for a Single user license > click **None** to select the **Usb keylock** >

**eXpress Usb keylock table** : download the INTELEC 20xx\_installer.exe from [www.intelec.eu](http://www.intelec.eu) :

Usb type	users	installer	Usb costs €	Usb type	users	installer	Usb costs €
None	1.. 255	eXpress	none	type S1	1	Keylock	160,-
type X	1.. 255	eXpressUsb	90,-	type S5	1..5	Keylock	320,-
				type S10	1..10	Keylock	420,-
type C	0	Keylock	90,-	type S25	1..25	Keylock	500,-
type L	0	Keylock	45,-	type S50	1..50	Keylock	650,-

**Note 1** : you can only buy 1 Usb keylock per order : to order more Usb keylocks you need to Buy a new License for every extra keylock and enter the **Password** [SPR] (see below)

**Note 2** : all installers include the dual mode application **Wnet64.exe** for **SaaS** (html5) > read the topic **SaaS** in the Help (index)

**Note 3** : for connecting Usb keylocks read the topic **Usb over IP** in the Help (index)

Optional you can also BUY a Temporary License for a number of weeks : the price is 10% of the total license price per week. **Telplan** licenses are only available for Usb keylock type L (LTE) and C (LTE+)

The price for every extra license (user) in a Network version is only **10%** and the price for a Temporary license is 10% for every week; the minimal order amount is 25,- Euro exclusive VAT.

- License ID: L002508 [print invoice](#) [print the invoice](#)  
Version: 2010 Hardware ID: 7D00-472D

Click [edit order](#) to adapt the License Name or extend Orders; click [Edit PO](#) to change the order reference; click [Renew](#) to extend your order; click [print invoice](#) after changing company details or the PO

Behind Version: the PC: = Product Code, the Usb keylock or the Hardware ID and the number of Users

After we receive your payment the **Usb keylocks** will be send by post to your address and for eXpress the **Registration Email** with the activation key will be send to your E-mail address.

Instructions for installing the Usb keylocks can be found on [www.intelec.eu](http://www.intelec.eu) > [Install Software](#) or [www.intelec.nl](http://www.intelec.nl) > [Installeren Software](#) (Dutch)

Click [Buy a new License](#) in case you want to order or upgrade the Software or Usb keylocks and enter the password provided by INTELEC.

### [Activating eXpress + eXpressUsb Licenses :](#)

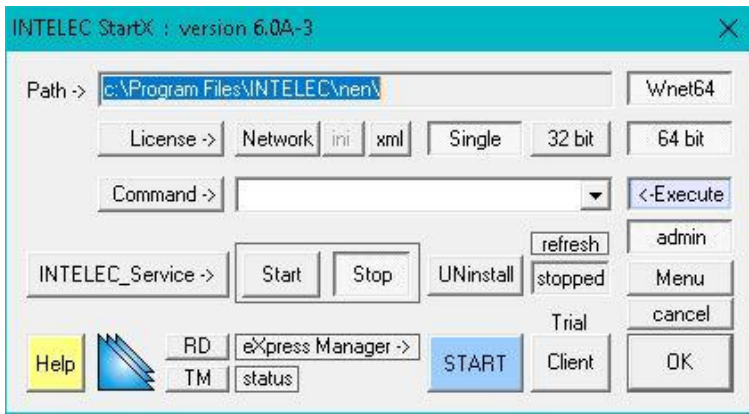

Download the **Installer** from the **eXpress Usb keylock table** (page 2) and select the program-path and click 'INSTALL' and after the installation click desktop button :

**StartX** (X=eXpress) or **StartK** (K=Keylock) > click button Help for all details > RD = Remote Desktop > TM = Task Manager (service) > click status for more details...

**Note :** the **Keylock** versions do not need activation keys (no Uninstall) : only eXpress + eXpressUsb (keylock type **X**)

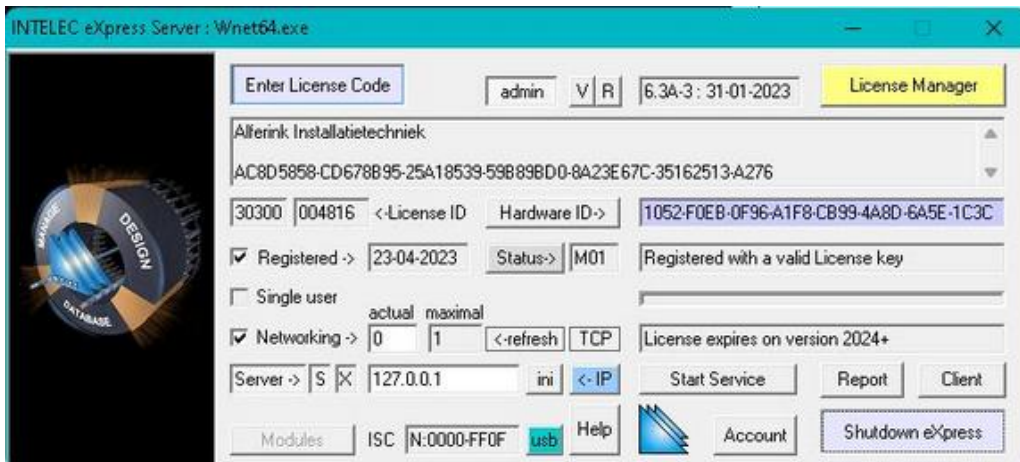

There are 2 ways to start the application **Wnet64.exe** (click button 32 bit for the 32 bit version Wnet32.exe) :

1. click **START** to execute Wnet64 X : starts the App as Network eXpress Server (X) (service)
2. click **Client** to execute Wnet64 C : starts the App as Client : after the eXpress Server (X) has started

The Clients only need a shortcut to the App on the server i.e. ["F:\INTELEC\Wnet64.exe" C]

**Registration dialog : Register + eXpress Manager (Server)**

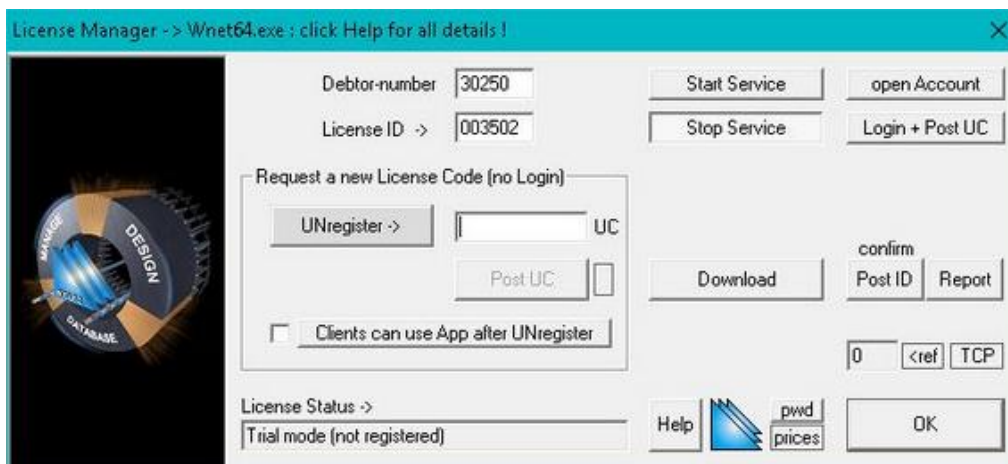

eXpress**Usb**

button **USB** is green for

Copy and paste the License Code (3 lines) and click **Activate** (to generate regwnet.dat) : **strictly** execute all instructions in the Registration Email : you also find all details in case of problems; click the **Help** button for more details.

**License Manager : UNregister + Post UC + Download + Post ID :**

**Note :** in case of **eXpressUsb** (keylock type **X**) you only need to **UNregister** before moving the License to another Server !

Upgrading or moving the INTELEC eXpress Licenses can be done in 3 steps :

- transfer the payment for the outstanding invoice
- **UNregister + Post UC** and wait for the Confirmation
- **Download** and install the latest version from [www.intelec.eu](http://www.intelec.eu)
- click **Post ID** and wait for the Registration Email with the License Code

Upgrading the INTELEC eXpressUsb + Keylock Licenses can be done in 3 steps :

- first transfer the payment for the outstanding invoice
- **Download** and install the latest version from [www.intelec.eu](http://www.intelec.eu)
- the message no valid maintenance appears in case the payment is not received yet

**eXpressUsb** : for using keylock **X** in Local Mode : download and install 'INTELEC\_20xx\_Keylock.exe and click MakeUser with your Debtor number (3xxxx) and set rule 1 in the **GPA** to type **C**

**Note :** this document can also be opened in the Application Help (index) > **Account**
